

Information & Communications Technology Sector Committee

General information

The Information & Communications Technology (ICT) Sector Committee provides a well-organized, robust and strong ICT community offering dedicated and quality support to Vietnam's long term ICT development by working on a common set of topics related to European ICT businesses operating in Vietnam.

To contribute to the improvement of ICT education in order to improve the skills of employees and graduates.

To create a knowledge-based community, which researches and shares its knowledge and experience together

To cooperate and provide information to ICT-related companies
